HP Elite 7200 Microtower PC

Performance meets expandability

A microtower business PC with proven, industry-standard technology ready to grow with you.

Windows®. Life without Walls™. HP recommends Windows 7.

Performance and business focused

Flexibility comes standard

Your small business computing needs evolve as your business grows. The HP Elite 7200 Series is designed to change with you. Available ports, slots, and bays allow you to configure your PC to meet your needs today, and then expand your capabilities when the time is right.; Intel's latest-generation of processors and Intel® H67 Express Chipset represent the next step in faster, multi-core technology that intelligently maximizes performance to match your workload. Intel® Core™ i7 [1], Core™ i5 [1], and Core™ i3 [1] processors are built on advanced technology that helps automatically apply processing power where it's needed most for enhanced multitasking.

Practical and stylish

Dual monitor capability [2] enables multi-tasking like never before, expanding the viewable area, thereby maximizing your productivity. Because more applications are accessible at once, the need for printing is reduced, potentially saving you time and money.; The highly expandable HP Elite 7200 Microtower is intended to fit most space and configuration requirements. The sleek design includes real metal surfaces and high-gloss finishes that are meant to be shown off.

Out-of-the-box productivity

This PC is ready to go when you are with the latest Intel® processors and chipset, a genuine Windows® 7 operating system, dual monitor support [2], a variety of optical drives, a hard drive up to 1.5TB [3], up to 16GB DDR3 SDRAM [4] memory, and RAID support. And, with preinstalled software like, HP Power Assistant [5], and Norton Internet Security 2011 trial [6] you get a PC equipped to make an impact right out of the box.; Build your potential with pre-qualified options like the 22-in-1 Media Card Reader, a second hard drive to utilize the RAID data mirroring capabilities, and a SuperMulti LightScribe DVD Writer Drive so you can burn labels directly onto LightScribe disks [7].

Give your business a boost

Enhance your visual experience via graphics cards with DirectX®[8] 11 support.; Plus, the HP Elite 7200 Series offers service and support options, so you can spend your time focusing on what's most important—your business.

Everybody On

HP Elite 7200 Microtower PC

SPECIFICATIONS

Form factor	Microtower
Operating system	Genuine Windows® 7 Professional 32 Genuine Windows® 7 Professional 64 Genuine Windows® 7 Home Premium 64 Genuine Windows® 7 Home Basic 64
Processor	Intel® Core™ i7-2600 (3.40 GHz, 8 MB cache, 4 cores); Intel® Core™ i5-2500 (3.30 GHz, 6 MB cache, 4 cores); Intel® Core™ i5-2400 (3.10 GHz, 6 MB cache, 4 cores); Intel® Core™ i3-2100 (3.10 GHz, 3 MB cache, 2 cores); Intel® Core™ i3-2120 (3.30 GHz, 3 MB cache, 2 cores)
Chipset	Intel® H67 Express
Removable media	SATA SuperMulti LightScribe DVD writer
Graphics	Integrated Intel® Graphics Media Accelerator HD, DirectX1 11 capable; ATI Radeon HD 5450 (512MB); ATI Radeon HD 6450 (1GB); ATI Radeon HD 6570 (2GB); NVIDIA GeForce GT405 (1GB); NVIDIA GeForce GT420 (2GB); NVIDIA GeForce GT440 (1.5GB) (Not Available with 95W CPUs (Core i5 & i7)); NVIDIA GeForce GT440 (3GB) (Not Available with 95W CPUs (Core i5 & i7))
Audio	IDT 92HD89E
Communications	Integrated Realtek RTL8111DL Gigabit Ethernet
Ports and Connectors	8 USB 2.0; 1 audio in; 1 audio out; 1 DVI-I; 1 HDMI; 1 microphone in; 1 SPDIF coaxial output; 1 RJ-45
Input devices	HP USB Standard Value Keyboard HP USB 2-Button Optical Scroll Mouse
Software	Microsoft Office Starter 2010 [Microsoft Office 2010 Preloaded (purchase of a Product Key required to activate a full Office 2010 suite)]; Microsoft Office 2010 Professional; Microsoft Office Home and Business 2010; Microsoft Windows Virtual PC – XP; Roxio Creator Business 10 HD; Corel WinDVD 8; Norton Internet Security 2011 (60-day trial); HP Power Assistant; HP ProtectTools Suite SMB.
Security	Padlock loop; Kensington Lock Support; Noble Universal Clamp Lock Cable Kit
Dimensions	18.5 x 41.6 x 38.5
Weight	Starting at 7.58 kg
Power	300W aPFC power supply
Expansion Solutions	1 full-height PCIe x16; 3 full-height PCIe x1; 1 mini PCI; 2 mini PCI One 8,9 cm (3.5"); Two 13,3 cm (5.25") ; Two 8,9 cm (3.5")
Warranty	Protected by HP Services, including a 1-1-1 standard warranty. Terms and conditions vary by country and/or Business Model.

1 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com. Dual/QuadCore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Intel's numbering is not a measurement of higher performance.

2 Models with Intel® quad-core processors do not include dual-monitor support. Monitors sold separately.

3 For hard drives, 1 GB = 1 billion bytes
1 TB = 1 trillion bytes. Actual formatted capacity is less. Up to 16 GB (for Windows 7) of disk space is reserved for the system recovery software.

4 Up to 1 GB may not be available with 32-bit operating systems due to system resource requirements. Dual Channel is only supported when the system is configured with DDR3 symmetric memory (i.e. 2 x2GB). For systems configured with more than 3 GB of memory and a 32-bit operating system, all memory may not be available due to system resource requirements. Addressing memory above 4 GB requires a 64-bit operating system.

5 Power calculations and cost calculations are estimates. Results will vary based on variables, which include information provided by the user, time PC is in different power states (on, standby, hibernate, off), time PC is on battery or AC, hardware configuration, variable electricity rates and utilities provider. HP advises customers to use information reported by HP Power Assistant for reference only and to validate impact in their environment. Environmental calculations were based on U.S. EPA eGrid 2007 data found at www.epa.gov/egrid/. Regional results will vary. Requires Microsoft Windows.

6 Internet access required. First 60 days included. Subscription required for live updates afterwards.

7 Don't copy copyright-protected materials. Actual speeds may vary. Double Layer is a new technology. Double Layer media compatibility will widely vary with some home DVD players and DVD-ROM drives. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 Double Sided-Version 1.0 Media. LightScribe creates a monochrome image. LightScribe media required and sold separately. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 GB Double Sided – Version 1.0 media.

8 DirectX® 10 or later requires Windows Vista or later. Windows 7 will support older DirectX 9 adapters using a WDDM v1.0 (Vista) driver. DirectX 10 or later requires a WDDM v1.1 (Windows 7) compliant driver.

Systems may require upgraded and/or separately purchased hardware to take full advantage of Windows 7 functionality. Not all features are available in all editions of Windows 7. See http://www.microsoft.com/windows/windows-7/ for details. Windows 7 Professional disk may be included for future upgrade if desired. To qualify for this downgrade an end user must be a business (including governmental or educational institutions) and is expected to order annually at least 25 customer systems with the same custom image.
